

COURTESY TRAPP FAMILY LODGE

"The smorgasbord of fabulous resorts feature activities from skate to classic to backcountry to telemark skiing. And one of the great beauties of skiing in Stowe is the interconnectivity of most local ski trail networks." – John Symon, SkiTrax

COURTESY TRAPP FAMILY LODGE

"Nordic skiing is for everyone! It's easy to learn, safe and healthy for all ages...and fun!" – Stowe Nordic Outing Club

COURTESY TRAPP FAMILY LODGE

COURTESY TOPNOTCH RESORT AND SPA

"The resort region around the town of Stowe features one of the largest systems in the country. Add awesome alpine vistas and a ski season that can start in November and end in April (thanks to the altitude and snowfall) and you've got a destination that measures up..."

– Dan Rubenstein, The Globe & Mail

A Nordic Adventure. A Winter Experience. An Activity for All.

Stowe boasts one of the largest, most diverse Nordic trail systems in the United States. Four inter-connected cross-country ski centers and over 3000 acres of conserved land provide 150 km of groomed trails and 100 km of backcountry terrain. High elevations and shelter from sun and wind award Stowe with a lengthy season and superb snow.

From perfectly groomed tracks to smooth, wide skating lanes to fine, untracked backcountry skiing – Stowe has trails for people and families of every ability. This Nordic treasure surrounds Stowe’s historic village, outstanding lodges, quality restaurants and unique shops – many accessible right from the trails.

Whether you are a seasoned cross-country skier looking for adventure, or this is your first time seeing snow and you want a gentle outdoor winter experience – put on a pair of skis and enjoy!

Stowe Recreation Path

This award-winning multi-use path is a favorite for locals and visitors, and is groomed in the winter months for easy and free cross-country skiing! The path begins in the village, and follows the West Branch River through wooded areas and meadows. It crosses the river several times via beautiful bridges, and many lodges, shops, and restaurants can be easily accessed from the path.

Equipment Rentals

Each of Stowe’s cross-country ski centers offers rental equipment for adults and children. Rented equipment may be taken off-premise to enjoy at other centers or on public trails.

Lessons

Daily group and private lessons are available at each of Stowe’s cross-country ski centers! Lessons are typically 60 to 90 minutes long. After one lesson, you’ll be comfortable enough to hit the beginner trails on your own.
